

Axel News

Personalised Newsletter in communicator of your choice

ABOUT THE PROJECT

Axel News is the most intuitive app for getting up to date. It's like your best friend that will recommend you the content you like. He will send you a newsletter once a week. If you'll be interested in something he might bring more of it!

Keypoints

No user input required

We got You! Just get the app and enjoy your ride.

High priority informations

We won't send you spam...
only cats photos,
from time to time

Instant newsletter

We use data that is already on
yours device. Just install app
and you're ready to go!

No Interface

Users won't get lost in interface
if there is no interface.

Personalised newsletter delivered where you want it

MESSAGING APPS
Facebook messenger,
whatspApp, Telegram

1

Your printer
for those oldschools that like
to get it on paper

3

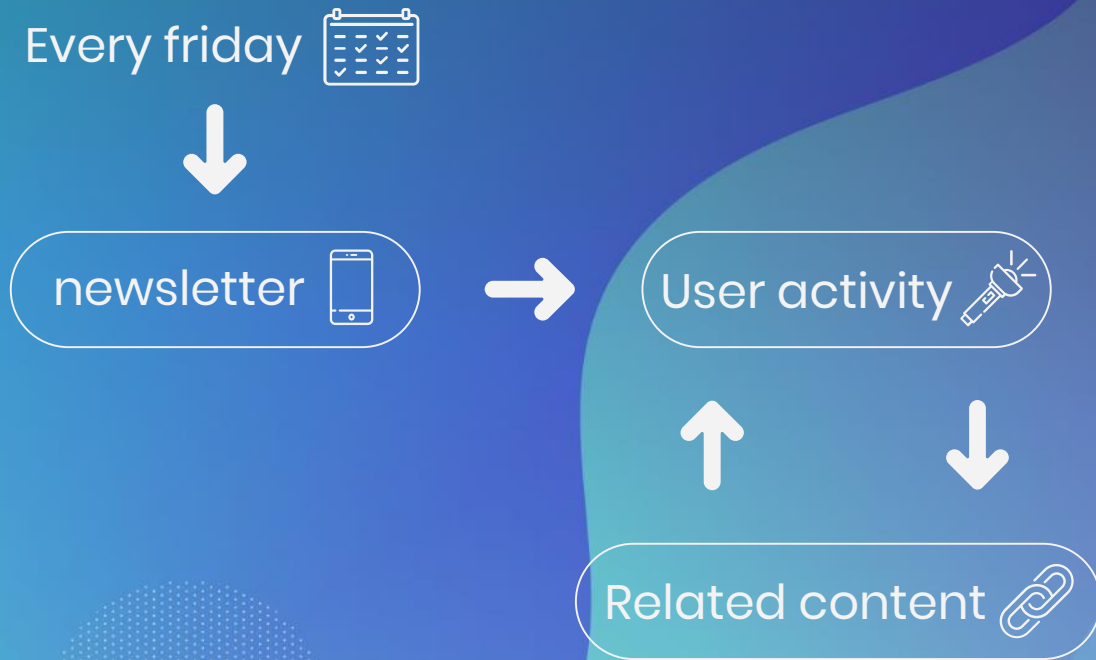

2

E-mail
just bring as the address,
we will deliver

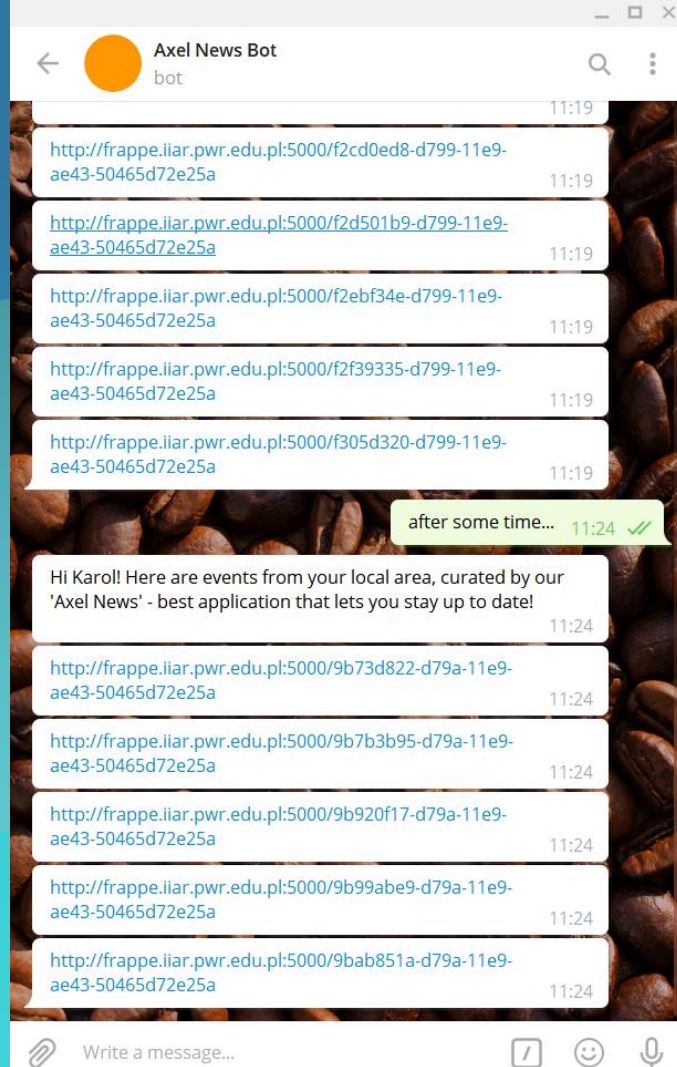

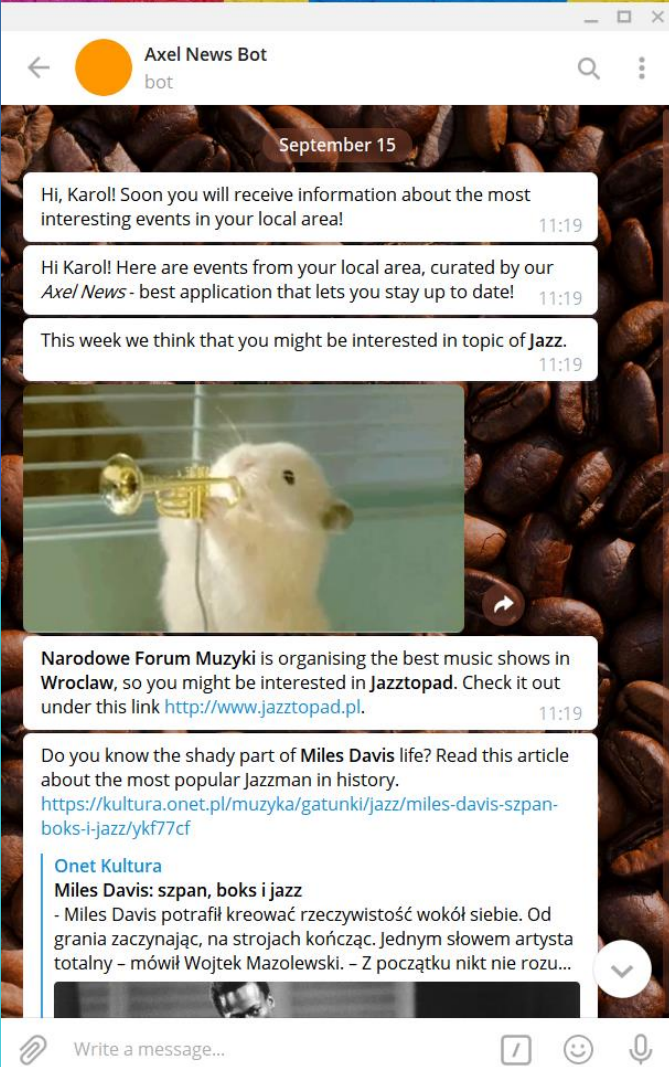

4

Smart Fridges
...and ovens. Just don't burn
anything while reading.

User Loop

App views

Redirections –
not supported for
previews

THANKS
